If you were to improve PSS, what would it be?

AAA

I think it's fine the way it is.

Shorten the time frame for the end of season tournament, or move it up to end before Labor Day.

I don't know at this time

no arguing calls by umpires

nothing

It's just fine the way it is.

No arguing, just play ball. Maybe a fun league.

Competition for all In a fun way

Players who are obviously in the wrong division for their skills (either higher or lower) should be strongly "encouraged" to change divisions. Safety first.

Don't really have a suggestion

Loose the snowflakes

?

over 50 only

I think it's run very well.

I'd like to know how teams are picked out, and by whom. We need better foul lines in the outfield when the soccer field has lines. One can't tell the right line when running for a ball.

do away with current runner rule go back to old way

Better trained umpires.

Board decisions put to a vote by all members. Rules set up by competition board member and division coordinator should be presented to each division before each season begins. Increased umpire instruction.

Increased communications with Park & Recs. regarding scheduling , maintainance, and use of fields.

Add a Beer concession during games.

Ensure that players way below league level are put in the proper league.

2 umpires for games

Managers only ones to discuss rules with umpires

more qualified umpires

65 foot bases

NA

Each year the 3 leagues should rotate which field they play on. Each field some pluses and minus and it is only fair to rotate each season.

Develop a 5 year plan

Start with a 1-1 count

nothing

Tougher sanctions for arguing with umpires

Encourage batting practice

coed league on different days like Tuesday and Friday and a open snack bar for coffee and water ect.

Number1 – play seven innings ball games. #2 use scoreboards #3 Better way to replace absent players

Umpires need to have prioty in the draft after they have umped a game.

AA

Would prefer to be drafted by different managers each year.

Convince A league players they will become C league players someday, if lucky.

Speed up game by using the 1 & 1 as used by most slow pitch leagues.

more training for umpires and fewer rules changes

sticking to the rules

how much good is putting the weakest players at the bottom of the order consistently? what good does tat do for their self esteem. What are we in elementary school?

To have well trained and maybe even paid umpires.

Less conflict during games. Test weaker players and discourage them from continuing playing (e.g. older players unable to run, hit or field balls.)

encourage players to play in division that matches their skill level

more umps no games before 9 o'clock

Anyone less than 55 yrs old should be in majors. Players less than 65 should not be in AA. Women should be considered by skill level rather than age.

If you are on a team, show up for your games

Intra division games to support social aspects. Example, select players from "B" play "I" in social games etc with I like it as is

Improve umpire training

?

Try harder to start 2nd games on time

KEEP AGE GROUPINGS IN PROPER DIVISIONS

Speed up the game

more players on a team fewer teams less draw fields

Maybe have a few meetings during season with each league to see if there are any problems going on during playtime so they can be taken care of. B was a mess last year. I do like the direction its going tho

Better umpires

Less complaining...

Rescind recent rule change that eliminated player rankings.

no comment

Get the games to end on time.... use 1&1 or 1&2

More advertising to let people of Prescott and Prescott Valley that we exist. So many people I talk to have never heard of Senior Softball nor that we play in the mornings.

Having played shortstop behind some SLOW pitchers I would put a time clock in place between pitches.

Sometimes it can get rather ridiculous. How much time? How about 15 seconds?

better umpires

Nothing

Start summer games earlier.

Let players know the rules and changes

More players involved

Revise drafting replacement players

More Umpire clinics

Majors

hire umps

Should have more players, more teams

To find new outreach programs to get more players.

combine A and I league

Have a sportsmanship award, this could be team or individual and have an outstanding player award. We need to stress more support for one another in the league. We are all a heartbeat away from not playing and need to encourage and welcome each other more.

its great the way it is excpet maybe enforce past president Lani's code of conduct better at times
can't think of anything at the moment..

Majors should play under ssusa rules, less local rules

find more players

None

Improve recruitment

Why not have a survey to see if players want a tournament at the end of the year instead of a couple of people making that decision

have a higher limit on pitching to protect the pitchers

less whining

Two games, later start.

Eliminate the board...

Move the sun towards the shadows of life

Chalk the foul lines occasionally. Name divisions A, B, C

combine the league into 2 divisions so there are more teams in each division, more fun.

Implement rule to protect pitchers from hits through the box.

Nothing comes to mind

Minimum 8 players to avoid forfeit. Otherwise not really playing the actual team

Do not allow under 50yr to play regardless of division. Even in Major div. not safe to play with 65-70+ yr players.

STUPID IDEA.

earlier starting times for games

Maybe a mid season tournament

Continue to get player input.. and play any DH games early, not later.

I enjoy it the way iti is

more teams in the major division

Get the City to improve the lip of the infield.
